

# STYLUS

"X" CROSS FRAME, SIDE FOLDING ROLLATOR

The **Stylus** is a new style in the Rehasense family of rollators. The "X" Frame, side folding design supports excellent walking posture for the driver, especially compared to the "A" Frame front folders.

more than mobility

# STYLUS

SIMPLICITY AND STYLE

REHASENSE

The "X" side folding frame mechanism makes it easy to transport and store. The light aluminium construction aids easy lifting and turning yet still supports users up to 150 kg. The push handles are height adjustable from 77–102 cm for a typical user height of 175 to 210 cm. Braking function is feather light and reliable while the 200 mm TPE-covered wheels eat up the bumps and provide great grip.

Black TPR Ergo butterfly push handle.

Including mounted backrest.

Flattened handle height adjustment tubes.

Handle height adjustment knob at the front easier turning by hand.

Effective basic locking mechanism.

8" (200 mm) TPE-covered wheels.

Including mounted cane holder.

Step assist pedal.

Shopping basket, SWL: 5kg.

## TECHNICAL DETAILS
